## “Getting Them Gone”

### What Is "Green" pest control?

Green Interior Pest control is an environmentally responsible approach resolving pest issues in and around homes and businesses.

What can be done before using harsh chemicals to control a problem?  
*This is the main question surrounding "Green" pest management.*

At Eco vex, we strive to find environmentally safe, "green" solutions to resolving pest issue's, including building modification, improvements, physical removal and proper management strategies. As always, putting the general health and well being of our clients and the environment first, before using pesticides, which in some cases must be applied, as there is no other alternative.

General pest:	\$ 6.50 per unit (routine service) 8 unit minimum
Rodent Clean out	\$ 25.00 per unit
Heavy infestation:	\$ 45.00 per treatment (roaches/general pest)
Bed Bug inspection	\$ 5.00 per unit
Bed Bugs treatment:	\$249.00 per unit. (up to 3 bed rooms) <b>*1 year guarantee</b>
Bed bug follow ups	\$ 69.00 (2 required per treatment)
Surrounding unit inspection and preventative treatment for bed bugs:	\$ 35.00
Vacant unit preventative for bed bugs	\$ 50.00
Flea's:	\$ 125.00

Stink Bugs:	\$ 65.00 per hour

### Pests serviced:

Roaches, Mice, Rats,  
Termite's, Rodents, Bee's,  
Bed Bugs, Spiders, Flea's,  
Stink Bugs,

### Other services:

Lawn and ornamental

### \*Bed Bug Guarantee

#### 1 year guarantee on bed bug treatments.

Apartment will be re-treated at no cost including follow up visits, Eco Vex will not be held responsible for personal items that may become unusable due to pest activity.

Guideline: Unit must be treated, surrounding units must be inspected and a preventative treatment must be completed. If the surrounding units have active bed bugs then they also must be treated and the units connected to it must be inspected and a preventative treatment done and it must be the same tenants in the apartment. If a surrounding unit has a new tenant next to a guaranteed apartment and bed bugs are found in both units within 60 days then this nullifies this guarantee .
